ABOUT ME

I'm a passionate beginner in both full stack and MERN stack development, with a strong foundation in HTML, CSS, and JavaScript. Currently focusing on honing my skills in MongoDB, Express.js, React.js, and Node.js. Dedicated to crafting responsive web applications and continuously improving. Eager to collaborate on innovative projects in the dynamic field of technology.

EDUCATION

Diploma of Associate Engineering (CIT)

Memon Industrial & Technical Institute

I pursued my Diploma of Associate Engineering (DAE) from MITI in cit and it was an enriching experience that helped me grow both professionally and personally.

Matric 2019 to 2021

Govt Boys High Secondary School

My matriculation year was a defining moment in my life. It was a year full of challenges, hard work, and growth, but it was also a year of great accomplishment.

CERTIFICATE

The Hunar Foundation (THF)

Advance Web Application Development

- **Date :** Dec-2023 To April-2024
- **Description :** Completed an advanced web development course covering HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL.

EXPERTIZ

MERN STACK DEVELOPER

- **Date :** Dec-2023 To April-2024
- **Description :** Completed a MERN Stack Development course covering React.js, React Native, MongoDB, Node.js, Express.js, and Next.js.

EXPERIENCED

During my 10-month job at Hunar Foundation, I gained hands-on experience in web development. I focused on creating responsive interfaces using PHP, MySQL, Bootstrap, JavaScript, HTML, and CSS. I also contributed to an Institute Management System, enhancing my skills in practical application and teamwork. This job provided valuable insights and laid a strong foundation for my career as a web developer.

● PORTFOLIO

- **Description:** Built a responsive portfolio website using Next.js, CSS, and Bootstrap. The site showcases my projects, skills, and professional journey, with a clean UI and smooth user experience across all devices.
- **Technologies:** Next.js, CSS, Bootstrap
- **Link:** <https://nex-portfolio-khaki.vercel.app/>

● TECH WEBSITE

- **Description:** Developed a professional agency website during my internship at Hunar Foundation using HTML, CSS, Bootstrap, and PHP.
- **Technologies:** HTML, CSS, Bootstrap, JavaScript, PHP
- **Link:** <https://hunartech.ebrainware.com/>

● OLX CLONE

- **Description:** Developed an e-commerce website using React and Firebase, featuring user authentication, profile management, product posting, and CRUD operations for users to manage their listings.
- **Technologies:** React.js, Firebase (Authentication, Firestore)
- **Link:** <https://faizanolx.vercel.app/>

● WEATHER APP

- **Description:** Built a weather application using React.js, fetching real-time weather data from an API. Users can input their location to receive current weather conditions and forecasts.
- **Technologies:** React.js, External Weather API
- **Link:** <https://faizan-mati.github.io/weatherApp/>

● QUIZ APP

- **Description:** Developed an interactive quiz application using React.js and an external quiz API. Users can take quizzes on various topics and receive real-time feedback on their performance.
- **Technologies:** React.js, External Quiz API
